

Railroad crossings can be very dangerous. Students must be completely silent when approaching railroad crossings so the driver can hear if a train is coming.

STOP, LOOK, and LISTEN!

Refusing to comply with school bus rules and the WV Student Code of Conduct will result in disciplinary actions. Such actions may include, but are not limited to:

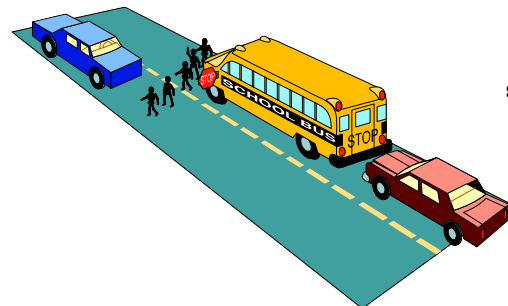

- ✓ Assigned seat closer to the driver
- ✓ Driver conference with student
- ✓ Driver conference with student and principal
- ✓ Driver conference with parent
- ✓ Consequences deemed appropriate by school administrators
- ✓ Loss of bus privilege on a temporary basis
- ✓ Suspension from school
- ✓ Loss of bus privilege on a permanent basis
- ✓ Juvenile petition
- ✓ Expulsion from school

PLEASE REMEMBER TO.....

IT'S THE LAW!

It is illegal to pass a school bus with the red flashing lights activated. There are children in the area around the bus. Help us to protect our children.

The child's life that is saved may be your own.

All of our bus operators have fulfilled the strict requirements of the State of West Virginia for school bus operator certification. These requirements include an extensive background investigation, physical examination, drug and alcohol testing and an in depth training program. All of this is to ensure that your child is provided the safest form of transportation available. However, in order to accomplish our goal, we must have the cooperation of students and parents.

This brochure was designed to help parents and students understand what the state has determined to be necessary in order to have a safe and successful experience on the school bus.

Parents are encouraged to read this information with their child to assure that all students are familiar with the regulations and expectations of the Department of Transportation.

TRANSPORTING THE WORLD'S MOST PRECIOUS CARGO
