

Huntington East Middle School

After School Clubs

ALL AFTER SCHOOL CLUBS ARE FROM 3:15-4:15

NJHS

NJHS members work together to create a more positive environment in the school as well as be positive role models for other students in the building. NJHS members support fellow students and the community by completing community service hours, including tutoring.

STUDENT COUNCIL

As a council member, you'll help plan fun events, improve our school community, and represent your classmates' ideas and concerns. It's a chance to make a real difference and create memorable experiences for everyone at Huntington East!

ACADEMIC FAIRS

Academic Fairs Club focuses on informing students what fairs are available (Science, Social Studies, Literature), their benefits, and requirements, while also allowing students the chance to get immediate feedback on their projects and provide guidance on what they should focus on to successfully compete.

ARCHERY

Our HEMS Archery program offers students the opportunity to learn and practice archery skills in a safe and supportive environment. Join us to develop focus, coordination, and teamwork while enjoying this ancient sport!

RAZE

RAZE is a student-led group of students that take time to spread awareness of the risks of tobacco use. Students practice their communication skills through the presentation of this information during multiple school events, the creation of commotions, and regionally in parades and Tobacco Free day.

TUTORING

HEMS offers additional academic support for all subjects in after school tutoring. Students may use the time to complete work or to ask questions that didn't come up in class. Tutoring is open to all HEMS students.

THEATRE TROUPE

Join us for a journey into the world of acting, storytelling, and teamwork. Whether you're interested in performing or behind-the-scenes magic, our theater offers a stage for everyone to express themselves and make unforgettable memories.
