

INDIVIDUAL EDUCATION PROGRAM

The purpose of this brochure is to Provide suggestions to help families in the IEP process. Using this information may assist families in effectively participating in their child's IEP meeting, understanding their legal rights, and creating an IEP which addresses their child's strengths and needs.

WHAT IS AN IEP?

An Individualized Education Plan (IEP) is a plan that is developed for each public-school child who is found eligible for special education services. The IEP is developed by a team which includes parents, educators, and other professionals who understands the unique gifts and needs of the student. The plan should address the needs, goals, and related services for the student to meet their unique educational needs.
