

Athletic Test to Play

Quarantine/Testing Requirements

Home Tests, Rapid Tests, and PCR Tests are all options for meeting testing requirements

Also applies to performing arts students involved in extra-curricular activities

Quarantine for 5 days regardless of vaccination status. Day 0 is first day of symptoms or the test date if there weren't any symptoms.

Should not participate in extra-curricular sports unless you obtain a negative antigen test towards the end of your 5 day isolation period (day 4 or day 5).

If antigen test is negative and you have been fever-free for 24 hours; can return to school and participate in athletics on day 6.

If antigen test is positive, symptoms are near resolution and you have been fever free for 24 hours; student can still come to school on Day 6, but will be unable to participate in athletics until Day 11.
