EDITION

SUMMER *learning*

CABELL COUNTY
SCHOOLS

KEEP EXPLORING. KEEP LEARNING.

FUN LEARNING RESOURCES AND COMMUNITY CONNECTIONS

Not all learning happens inside the classroom or during the school year.
Inside is your toolkit for fun, engaging learning opportunities available to you and your
kids right here in Cabell County this summer!

Now is the *perfect* time to explore new interests and learn something new together.
Have a GREAT summer!

Table of CONTENTS

As we embark on a season of sunshine and relaxation, let us remember that learning never takes a vacation. Summer is an invaluable opportunity for families to nurture their children's curiosity and fuel their educational journey. Together, as partners in education, let us embrace the joy of discovery, encourage exploration, and create memorable experiences that will shape our children's futures. With each book read, every question asked, and every adventure embarked upon, we empower our children to reach new heights and unlock their limitless potential. So, let us make this summer a time of growth, where families become the catalysts for knowledge and inspiration. Together, we can cultivate a love for learning that will guide our students towards success when the bell rings and school resumes in the fall.

FAMILY ACADEMY

Video Series

This resource was created for you by the Office of Family & Community Engagement. In addition to summer and back to school resource packets like this one, we also create a weekly video series on WSAZ that covers topics important to parents like:

- getting the most out of your child's education
- learning activities you can do at home as a family
- fun, local events to keep your child's mind and body active and engaged
- a monthly family adventure box to help you plan fun learning dates as a family

As part of this series, we've discussed the "summer slide," typical learning loss that students experience when they're away from school for the summer, and ways to combat it in your own family. Check out those videos here:

SUMMER feeding

Cabell County Schools announces their sponsorship of the federally funded Summer Food Service Program. The Summer Lunch Program is open to all children, ages 18 years and under, who would like to participate. Meals will be provided on the dates and times listed below. We will be closed and not serve meals on June 20 in observance of West Virginia Day and on July 4th in observance of Independence Day. The meal box pick up is only available at sites that were approved by USDA. While Huntington sites did not qualify for multiple day meal boxes, we have many locations hosting daily summer feeding sites.

Using the latest guidance from the USDA (US Department of Agriculture), the majority of Cabell County qualifies under the designation of "rural" and will be permitted to distribute multiple day meal boxes. We plan to distribute five-day meal boxes during the summer at the following locations: Cox Landing, Hite Saunders, Barboursville Middle, Salt Rock Library and Milton Pre-K. The City of Huntington is not designated as a rural location on the USDA map and will not qualify for multiple day meal boxes. However, we will offer multiple daily summer feeding locations and the "Eat Awesome" bus to make sure the students in Huntington will have access to meals.

We will also provide meals to the numerous summer school programs throughout the county during the summer months.

Daily
community-based
feeding sites for
those in the eastern
end of the county

Site Sponsor	Address	Serving Dates: June 5-August 4	Serving Time

For more information about the Summer Food Service Program, please call
Travis Austin, Director of Food Services, at 304-528-5048.

MINDFULNESS & *mental health*

Having extra time together in the summer is a great opportunity to check in with kids on how they're feeling, what they're thinking, and any struggles they may have. Practicing mindfulness activities can also improve the mental health and well-being of you student. Start the conversation with some of the following mindfulness activities.

Going on a Safari!

Tell your kids you are going on a safari and the goal is to notice as many birds, bugs, and other animals as they can. They will need to focus on all their senses to find them!

Blowing Bubbles!

Have your kids focus on taking deep, slow breaths, and exhaling steadily to fill the bubble. Encourage them to pay close attention to the bubbles as they float away!

Snack!

Have a 'mindful' snack by describing the smell, texture and taste.

Cloud Watching!

Find shapes in the sky by laying down and watching the clouds. Make up a story to go along with what you find in the sky!

Check out our recent
Family Academy video

Elementary WRITING ADVENTURES

Family Guide: How to Use

For students in K-2, use these as discussion starters.

For students in 3-5, have them write their responses and talk about their answers.

You'll be amazed at how their imaginations shine with activities like this.

If you became your favorite animal for the day, what would your life be like? What would you see, do, and experience?

Rewrite your favorite fairy tale...told from the perspective of someone ELSE in the story.

If you were the boss for the day and you could do WHATEVER you wanted, what would you do? Describe your PERFECT day.

Write the background story of your school's mascot. What's its name? Where did it come from? What's its family like? How did it end up representing your school?

If you could create a new animal, what would it be? What would it look like? How would it move around? What would it eat? What sounds would it make? Bonus points: draw a picture of your new animal.

Explain your favorite color to someone. Describe what it looks like, items that are that color, and how it makes you feel...but NEVER tell what color it is by name.

(Families, consider writing your own then trying to guess each other's colors)

Describe your favorite holiday and explain why it should be everyone else's favorite too. What's so great about it? Why should other people like it as much as you do?

Imagine you and I traded places for a day. What would it be like to be me? What would you see, do and experience? Would it be fun?

(Families, consider writing about what it would be like to be your child, then share with each other)

SUMMER classes

Cabell County Schools is proud to offer a variety of summer classes and camps to engage kids in fun, exciting learning opportunities. Check out the flyers in the following pages for more information and registration links. The following opportunities are open to all students in the district:

Our elementary **Summer Learning Adventure** keeps kids' minds engaged and keeps them in a great learning routine.

The **CTE Summer Camp** for our rising fifth and sixth graders is a great way for kids to explore their interests and experience areas of study that may be new to them.

Students who are currently enrolled in a Boy Scout Troop can enjoy **Cub Scout Day Camp** at Camp Arrowhead.

Many of our students will also be learning Japanese from native speakers and Marshall University instructors during **Japanese Immersion Camp**.
(registration is already full, unfortunately).

Learn more about our summer offerings here: <https://tinyurl.com/4fkdn3pv>

COMMUNITY *connections*

Our community is fortunate to have many local businesses, non-profits, and community groups dedicated to serving the students and families in our area.

In this section, you will find information about a some of those great organizations, the events and resources they have to offer, and how to learn more about them. In no way is this an exhaustive list.

Be sure to check in with your favorite local groups, community centers, neighborhood associations, and faith-based organizations to see what additional summer programming and opportunities are available.

For up-to-date information about events and activities in the Huntington area, please visit the Cabell-Huntington CVB:
<https://visithuntingtonwv.org/events-calendar/>

For up-to-date information about events and activities in the Barboursville area, please visit the Barboursville CVB:
<https://discoverbarboursville.com/whats-happening/>

For information about fun activities for kids and families in the Huntington area, check out Funington on Facebook:
<https://www.facebook.com/Funington>

For information about events and festivals in the Mountain State, please visit WV Tourism:

HERITAGE
FARM

INGENUITY & ADVENTURE

Adventure

FOR THE WILD CHILD

Our Appalachian ancestors were not only smart and adaptable, but also strong, rugged people. These people lived lives of adventure, and we welcome you to do the same with our challenge courses, mountain biking, ziplines, rock wall and more!

Animals

FOR THE "NATURALLY" CURIOUS

From heritage breed livestock to native wildlife; bison to bullfrogs, sheep to salamanders, we celebrate the natural history of Appalachia with interactive animal experiences in our critter corner, wagon rides, nature center and treehouse trek.

Artifacts and Artisans

FOR THE MAKERS AND HISTORY BUFFS

Our Smithsonian Affiliate cultural history museums are where it all began for us at Heritage Farm, and our artisans help make it all come to life! Experience the transformation of homes, automobiles, appliances, handicrafts and more from the 1800s to today.

Back to SCHOOL

While the focus of this toolkit is summer fun and learning, we also want to give you the information you need to prepare for the return of school when the time comes.

In this section, you'll find information about the first day of school, open house, and next year's school calendar. We hope this will be useful to you as you prepare for the start of the coming school year.

Here are some Back to School tips to consider:

Back to School Tips

<https://tinyurl.com/4dbm74vb>

Transition Grades

<https://tinyurl.com/4mdxxx2w>

For our families with rising sixth graders, we have a couple extra tips to consider as your child transitions to middle school:

Buy an inexpensive combination lock for your child to practice with this summer. Kids have a lot of anxiety around not being able to open their lockers and struggling with locks between classes. By helping them learn to use a combination lock early, you'll help alleviate that worry and your child will be more confident going into middle school.

Register your child for the Sixth Grade Climb Institute on August 2-4.

This gives them an opportunity to:

- visit their school
- meet their teachers
- make friends with their new classmates
- gain confidence
- learn about the expectations of middle school

Students who participate in the Climb Institute generally feel more confident and excited about the start of middle school than those that do not.

Register for Climb Institute here: <https://forms.office.com/r/2GKdYNdtyX>

2023-2024 Academic Calendar

July

4 - Independence Day

Thank you!

Families,

Thank you for ALL the ways you encourage your students to keep learning and exploring this summer. We are so grateful for your partnership in their educational journeys, and can't wait to be back together when school starts back this fall!

Best wishes for a safe, happy, and healthy summer for you and your family!
